WHITE HOT

Concentrated heavy duty remover of mineral salts and red dirt staining

Formulated for removal of the heaviest red dirt staining from painted surfaces. Removes staining quickly and effectively leaving a smooth chemically polished surface.

- ✓ Our best and strongest red dirt staining remover
- ✓ Heavily reduces cleaning times
- ✓ No scrubbing! Product does all the work
- ✓ Polishes and restores oxidised painted surfaces
- ✓ Proven results even in our harshest conditions
- ✓ Concentrated formula

DILUTIONS

- Heavy Staining—Mix 1 part WHITE HOT to 1 part water.
- Light Staining—Mix 1 part WHITE HOT to 2 parts water.

DIRECTIONS

1. Apply with a low pressure spray working in small sections
2. Allow 2-3 minutes contact time. Do NOT allow to dry.
3. Agitate if severe staining
4. Pressure wash off
5. Use WHITE HOT in-between washes to maintain stain free surfaces

Discuss with Challenge Chemicals representative for the best dispensing options.

WARNING

Avoid skin and eye contact.

GALAXY

Environmentally safe, super-concentrated, multi-purpose, heavy-duty degreaser and cleaner

GALAXY is a super concentrated heavy-duty (HD) degreaser for fast effective results in heavy degreasing and organic contaminants removal. Formulated for extreme conditions and cleaning.

Independently assessed and determined to be non-hazardous to the environment¹.

PERFORMANCE BENEFITS

- ✓ Exceptional degreasing power
- ✓ Red dirt removal capabilities
- ✓ Multi-Purpose cleaner for removal of HD organics build-ups
- ✓ HD formulation reduces cleaning times
- ✓ Concentrated solution – 1L makes 9L of RTU product
- ✓ Can dry on the surface. Re-activated by water once dried on the surface. Ideal for use in extreme and hot conditions.

Foaming dispensing equipment available to enhance product dilution and application, reduce waste, and enable fast, effective, and simple use.

ECOLOGICAL BENEFITS

- ✓ Galaxy has been determined to have low aquatic toxicity, does not persist in the environment, and has a low potential to bioaccumulate in organisms in accordance with GHS² criteria.
- ✓ All surfactants used in the Galaxy formulation are readily biodegradable.
- ✓ Galaxy is formulated as a super concentrated³ product, with 1L of Galaxy making 9L of a ready-to-use HD degreaser and cleaner.
- ✓ Primary packaging comprises recyclable HDPE (25L) and reusable (200L, 1000L) IBC containers, thereby minimising packaging waste.

Full independent report available on request.

TOUGH STAINS NEED A TOUGHER OPPONENT

PREDATOR

Premium biodegradable, quick break, multi purpose degreaser and truckwash

Predator is a multi purpose cleaner, truck wash and degreaser in one. Predator is water based, biodegradable, pH neutral, non corrosive, non toxic concentrated liquid making it a safe and effective product to use on any hard surface. Predator is a premium product ideal for use in hard water areas for the removal of grease, grime, oil film, fuel exhaust, soot, bugs and red dirt giving a streak free finish.

- ✓ pH neutral and biodegradable
- ✓ Non caustic and non corrosive
- ✓ Powerful yet safe on all hard surfaces
- ✓ Effective in hard water areas
- ✓ Red dirt removal capabilities
- ✓ Super concentrated for an economical wash
- ✓ Safe to use in any environment
- ✓ Streak free formula
